

Feeling Sick?

Do not panic. Coronavirus has symptoms similar to the common cold. Here's the difference:

Flu vs. Allergies vs. COVID-19

If you believe you may have the coronavirus, **call your doctor before you go in** to make sure you can get a test done.

If you go to an emergency room, you risk getting other sick, or getting the infection yourself if you are not actually sick.

**These are COMMON SYMPTOMS,
which may vary from person to person.
Only a doctor can give you a diagnosis.**
